

Topics in Management and Applied Microeconomics				 universität bonn	
Module Number 332122004	Workload 225 h	Credits 7,5 CP	Duration 1 Term	Cycle yearly; winter term	
Responsible Faculty Member	Prof. Dr. Jörg Budde, Prof. Dr. Urs Schweizer, Prof. Dr. Matthias Kräkel,				
Institute	Department of Economics				
Study Program	Title			Character	Study Term
	Master of Science Economics			Advanced Module	3rd
Learning Outcomes	Participants learn to read technically and conceptually demanding original literature and to present the results to other participants. If participants encounter difficulties in understanding details of the literature, they must learn to narrow down the problem and to formulate exact questions. The course prepares students to do independent research and to participate in the joint research activities of the Economics Department.				
Key Skills					
Learning Content	This course covers current research topics in management and applied microeconomics, including original results obtained within the joint research activities of the Economics Department of Bonn University as well as related topics from the recent literature.
