

Topics in Financial Economics				 universität <b>bonn</b>
Module Number	Workload	Credits	Duration	Cycle
332133003	225 h	7,5 CP	1 Term	yearly; winter term
Responsible Faculty Member	Prof. Dr. Klaus Sandmann,			
Institute	Department of Economics			
Study Program	Study Program		Character	Study Term
	Master of Science Economics		Advanced Module	3rd
Learning Outcomes	Participants learn to read technically and conceptually demanding original literature and to present the results to other participants. If participants encounter difficulties in understanding details of the literature, they must learn to narrow down the problem and to formulate exact questions. The course prepares students to do independent research and to participate in the joint research activities of the Economics Department.			
Key Skills				
Learning Content	This course covers current research topics in financial economics, including original results obtained within the joint research activities of the Economics Department of Bonn University as well as related topics from the recent literature.
