HEALTH INSURANCE

- **Students are required by law to have health insurance**
 - There are many different **statutory** and **private** health insurance providers
 - students are free to choose their form of health insurance and select a provider
 - statutory health insurance costs about 125 €/month, private may be less, in which cases coverage might be less encompassing. Make sure to check the details!
 - Medical treatment in Germany is very good, there is a dense network of well-trained doctors – you have access whether you are insured by a statutory or a private health insurance policy
-

- EU Students : EHIC is sufficient
 - Public health insurance plans from the following countries are also valid:
 - Bosnia-Herzegovina, Iceland, Liechtenstein, Morocco, Macedonia, Montenegro, Norway, Switzerland, Serbia, Tunisia and Turkey
 - However, you will need a confirmation from a German statutory health provider that you do not need German health insurance
 - But: if you do a **part-time student job** or **paid internship**, you will need to take insurance with a German health insurance provider
-

HOUSING AND ACCOMMODATION

- The department provides accommodation in association with the ***Studierendenwerk*** - you can only reserve a room starting the 1st of a month (start of the contract)
- To get your key, you will need to make an appointment with the dormitory's **facility manager** (or ask your friend to do that in case possible), we will provide you with their contact data. Please note that they are not available after hours or on holidays and may not speak English well
- **1st and 3rd October** are holidays, plan your arrival accordingly.
- In case of arrival before the room reservation date, you will need to find **short-term housing**

HOUSING AND ACCOMMODATION

Where to stay for the first few days?

If you do not have a permanent place to stay or you cannot move into your apartment or dorm just yet, a hostel or hotel may be an option for you.

Another option could be *Sofa Frei*, an initiative run by students for students, providing newcomers to Bonn with a temporary solution during their search for accommodation. This may involve offering a couch, a place for your inflatable mattress or even a guestroom for one night or more. In the following you will find some examples:

- ▶ www.asta-bonn.de/Sofafrei (German only)
- ▶ www.airbnb.de
- ▶ www.bonn.jugendherberge.de

HOUSING AND ACCOMMODATION

Private housing

On the private accommodation market, you can find apartments as well as rooms in shared apartments (German: WG). Shared apartments are very popular since the occupants share the cost of the rent. Generally, everyone has their own room, while bath and kitchen are shared spaces. Rooms or apartments can be rented either furnished or unfurnished.

There are local newspapers and free weekly papers containing ads for apartments such as *General-Anzeiger*, *Bonner Rundschau*, *Schnüss* and *Annonce*. In the following you will find some examples. Please note that not every website is available in English:
