Student Assistants (m/f/x)

The Institute for Applied Microeconomics is looking for student assistants on an ongoing basis for up to 8 hours per week.

Your tasks will include

- **Assisting in research projects: Literature search and review, data research and analysis**
- **Programming in Python, R, Stata, Qualtrics, or oTree, typesetting with LaTeX**
- Assistance in preparing and conducting studies in the BonnEconLab (e.g., debugging, proofreading instructions)
- Support in the preparation and organization of courses
- Administrative duties

Requirements

- Enrolled in a bachelor's or master's program (Economics or Computer Science)
- Very good English and German skills (both C1) in speaking and writing
- Very good knowledge of Office programs
- Very good knowledge of at least two of the above-mentioned programming languages, willingness to learn
- Experience in handling data sets desired
- Experience in literature research is desired
- Motivation to familiarize oneself with new software and tasks
- Reliability, flexibility, and self-dependence

This is what you can expect from working with us

- Flexible working hours after consultation with the institute
- Close cooperation with the researchers of the institute
- Broad spectrum of tasks and insights into academic research

Application documents and deadline

- Applications will be accepted until March 31st, 2025.
- To apply, please send a tabular curriculum vitae, current transcript of records, and a letter of motivation explaining how you meet the requirements and detailing your previous work experience as a PDF file via e-mail to:
